LOQ = Limit of Quantitation; The reported result is based on a sample weight with the applicable moisture content for that sample; Unless otherwise stated all quality control samples performed within specifications established by the Laboratory. Terpene analysis result is an estimate as the sample response is typically outside the standard curve linear response.

18.045%

Total THC

<LOQ

Total CBD

18.045%

Total THC Plus

Total THC = THCa * 0.877 + Δ9-THC; Total CBD = CBDa * 0.877 + CBD; Total THC Plus = THCa * 0.877 + Δ9-THC + Δ8-THC + THCV
LOQ = Limit of Quantitation; Cannabinoid potency values are reported by percentage of dry weight determined via loss on drying; Unless otherwise stated all quality control samples performed within specifications established by the Laboratory.
